

## Activity 7 - Singapore School Link

Owl Class have been learning all about where we live - Watford. To

share what we have learnt, we wrote some letters introducing ourselves to our school link in Singapore. To help them learn more about where we live, we also sent them some photographs and information leaflets that we made on Watford. We have already learnt about where Singapore is in the world and its neighbouring countries.

We cannot wait to hear from our friends in Singapore!
